

## What You Need To Know About Overdrafts and Overdraft Fees

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. Transfer from existing overdraft line of credit (L75) or other accounts which have been linked to your checking account prior to the overdraft.
2. We have a standard Overdraft Privilege Program (Courtesy Pay) that comes with your account.

This notice explains our Overdraft Privilege Program (Courtesy Pay)

### What are the standard overdraft practices that come with my account?

We may authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We do not authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions
- Everyday debit card transactions

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction.

If we do not authorize and pay an overdraft, your transaction will be declined.

### What fees will I be charged if America's Christian Credit Union pays my overdraft?

Under our standard overdraft privilege program:

- We will charge you a fee of up to **\$30** each time we pay an overdraft.

There is no limit to the number of fees that we may charge you for overdrawing your account.
